
Kaal Hindi Dubbed Movie Download Free Kaal is more than worth your time. The film is about two friends Nikhil (played by Rahul Bose) and Raj (played by Kay Kay Menon) who act as the perfect foil to each other, but on the flip side, their friendship adds up to a number of years, which means the duo is on course for an inevitable collision course. The first half of Kaal has both friends doing what they do best -- Raj talking about sports and life; Nikhil talking his mind with the peak of his sarcasm meter at 11. The picture is set when they are in college. The change comes in when they are in their early 30's. Raj, who is a successful businessman, asks Nikhil to join him for an informal chat when he comes to know about the latter's new office being inaugurated by the then Chief Minister of Mumbai Prakash Javedkar. The talk eventually turns into an argument between them that eventually inspires them to challenge each other with the ultimate question -- Who will be better off in life? The rest of the story here unfolds how they navigate through this question and everything else that happens around them. Will their friendship survive through thick and thin? Or will it end after they are no longer in each others' shadows? The film starts with Nikhil (Rahul Bose) has a steel-toed boot, which is suspended awkwardly on the wall, ensuring that it never comes down. His girlfriend is at home, sorting out his clothes to take to the hotel where he is due to meet old friends. She assures him she won't miss him tonight. Nikhil leaves, promising his betrothed that he will come back to her soon. As Nikhil leaves, he gets a phone call from an old friend, Raj (Kay Kay Menon), whom he hasn't met in years. They get together at Raj's place, and Nikhil finds himself drinking like never before. All this after drinking one shot of Old Monk rum earlier in the day to settle his nerves for his meeting the next day! Nikhil wakes up around 5 pm, groggy and foggy-headed. He finds himself dressed in the clothes he left home in. He immediately knows that someone has undressed him and dressed him again - but whose? And why? And then he finds three missed calls on his cell phone from his girlfriend. He calls her back and tells her he is fine, although she doesn't believe him. He picks up some clothes from his house to cover himself up and leaves, not before dropping the boots in a dustbin. Nikhil arrives at Raj's place again after collecting his car from the roadside parking lot where he had left it the previous night. He is still finding it hard to remember what happened last night. He sees Raj's wife, Madhuri (Sonali Kulkarni), cooking in the kitchen. She seems very nice, but also very reserved.
